## About us

Venture Investments & Yield Management LLP (VIYM) is an independent partnership focused solely on private equity investments in the emerging markets of Russia and CIS. Established in London since 2006, VIYM also operates from its two offices in Moscow and St. Petersburg. The partnership provides exclusive project sourcing and asset management services to institutional and private investors into real estate and growth capital alternative asset classes.

- Our exclusive expertise in real estate is in hospitality with luxury, upscale, mid-market and budget hotel projects across more than 20 Russia's regions. In our portfolio we also have elite, mid-market and budget residential and mixed-use developments in the traditionally prestigious areas of Moscow and St. Petersburg. And in 2009 VIYM successfully divested from an A-class logistics complex realized to a reputable international strategic investor
- VIYM provides capital and expertise to help strong management teams release their full expansion potential with growth capital strategy in consumer-driven industries such as retail, consumer goods and services, media and entertainment, niche financial services as well as natural resources and basic materials.

With its in-depth expertise in domestic and international business and its highly qualified team of dedicated professionals with proven track record in the target industries, VIYM is able to source and address key needs of international investors as well as develop the local market opportunities. Our strategy is to identify and finance fast-growing companies in Russia with strong and progressive management teams, to activate their market leadership potential and generate competitive long-term returns on the invested capital
